

Legislative Director Report Summer 2022 – Kevin Palmer

After having attended the AFT Convention in Boston in July, I spent the rest of the month and August connecting with legislators via email, phone calls, and social media. One particular legislator, Senator Rob Martwick 10th District, called me to thank me and our Local for our support. We had a great conversation about politics in general it's these personal exchanges that proves what we are doing as a Local is making an impact.
